July 26, 2010

Dear Gasper Township Residents:

As you might be aware, the Board of Preble County Commissioners is responsible for the operation of the Preble County Sanitary Landfill. Over the past several years the Board has researched and explored many options to reduce operating costs at this facility for the county residents.

As a result of this research the Board of Preble County Commissioners has negotiated an agreement with the Lakengren Water Authority to accept and treat the leachate from the Landfill. The leachate force main will be routed from the Landfill's property along road right-of-ways to the Lakengren Manhole #534.

In an effort to proceed with this cost-saving leachate force main project, the Board of Preble County Commissioners would like to extend an invitation to all residents along this route to attend an informational meeting on the evening of August 18, 2010 at 6:30 p.m. in the Preble County Commission Chambers located in the Preble County Courthouse on the 1st Floor.

The Board would greatly appreciate your attendance.

Sincerely,

Board of Preble County Commissioners

Absent

Commissioner Robert Stonecash, President

Christopher M. Day
